

Leadership Essentials Workshop

This one day workshop is ideal for new leaders and leaders looking to develop some core leadership skills. It includes interactive opportunities to learn leadership techniques around building trust, having difficult conversations, engaging your team, going from peer to leader and coaching and feedback

All participants will receive a workbook and a copy of the book, 'Practical Leadership' as part of the workshop as well as experience a number of interactive activities and energizers they can use back with their teams.

Build your confidence in a leadership role by understanding core basic leadership skills that you will be able to apply immediately in your role.

TOPICS INCLUDE:

- Key Leadership Tips
- Building trust
- Conversations with your team
- Accountability
- Feedback, Coaching and Goal setting
- Employee Engagement
- Time Management and Delegation

Available as both a public workshop and as an in-house company workshop
